2006 ComputorEdge Editorial Schedule

Issue No.	Pub. Date	Issue Theme	Writers' Deadline
2401	**1/6**	**Viral Marketing (movie clips posted on the Net, mass e-mailed video ads, "spreading like viruses")**	**12/5**
2402	1/13	Web Auctions (tips and warnings, overview of Web sites, Dutch auctions, strategies)	12/5
2403	**1/20**	**Unsung Utilities (Tiger's new widgets, big accolades for little programs)**	**12/12**
2404	1/27	Disaster Planning and Recovery (hurricane stories, natural disaster preparedness, warning systems, creative recovery efforts)	12/12
2405	**2/3**	**The New Workforce (telecommuting, wireless engineers, long-distance jobs, new career options)**	**12/19**
2406	2/10	Controversial and Combative (computer and Internet debates, issues, discussions, brouhahas)	1/2
2407	**2/17**	**Itsy Bitsy Teeny Weenie (nano technology, smaller with more capacity, how small can we get?)**	**1/9**
2408	2/24	"ET" Phone Home ("Exciting Technology" in telephony, video phones, VoIP telephone services)	1/16
2409	**3/3**	**Deals on the Internet (rebates, coupons, cash-back promo sites, cheapest of the cheap)**	**1/23**
2410	3/10	Recycling (disposal and recycling, donating to third-world countries, cyber littering, environmental issues)	1/30
2411	**3/17**	**Phishers of Men (tempting lures to get you to reveal personal info, advanced scam tactics, spam busters)**	**2/6**
2412	3/24	Leaving on a Jet Plane (traveling with a computer: customs, power problems, overseas Internet access, parts and supplies)	2/13
2413	**3/31**	**Internet Writing and Publishing (writing workshops, self-publishing, new writers' markets, style guides)**	**2/20**
2414	4/7	The Apple Core (the new Intel Macs, iPod Nano, products and industry news from Apple)	2/27
2415	**4/14**	**Digital Video Creation (not just CDs that play on a DVD player, software, hardware)**	**3/6**
2416	4/21	Buff and Beautiful (exercise, health, supplements, workouts and gyms, dieting)	3/13
2417	**4/28**	**A Little Patch of Heaven (locating, buying and selling real estate—residential or commercial, local or remote)**	**3/20**
2418	5/5	The Outlook on Open Source (leaders in open-source movement, projects, more than just Linux)	3/27
2419	**5/12**	**It's Child's Play (best kids' Web sites and activities, Web site blockers, monitoring activities)**	**4/3**
2420	5/19	Biological Computers (computers that think for themselves, neural networks, medical applications)	4/10
2421	**5/26**	**Podcasting (must-hear podcasts, software—iTunes and others, how to start your own)**	**4/17**
2422	6/2	Mapping Web Sites (Google Maps and "hybrid" sites that use Google Maps data, Yahoo! Maps, MapQuest)	4/24
2423	**6/9**	**PC Games and the Industry (to gore or not to gore, educational vs. mind-numbing, mind poison or brain builder)**	**5/1**
2424	6/16	The Help Desk (irritating PC problems, fixing crashes, virus removal)	5/8
2425	**6/23**	**Remote Learning (computer-based training, online trade schools, universities, degree programs)**	**5/15**
2426	6/30	Simplifying Cell Phones (using all those buttons, text messaging, taking pictures, accessing the Net)	5/22
2427	**7/7**	**Advanced Digital Photography (creative use of shutter speed and aperture, camera features, computer editing)**	**5/29**
2428	7/14	Techno Trend Watch--What's in, What's out (software, OSs, hardware, Web happenings)	6/5
2429	**7/21**	**The Way We Were (Internet and Web history, the early years, BBSs, Web evolution)**	**6/12**
2430	7/28	The Spy Next Door (spyware, malware, adware, what it is, how it works, ways to eradicate it)	6/19
2431	**8/4**	**Hobbies and Games (fantasy football, Web puzzles, sewing and crafts, game consoles)**	**6/26**
2432	8/11	Why Can't We All Just Get Along? (platform compatibility, cross-platform options, Intel Macs)	7/3
2433	**8/18**	**For the Love of Linux (how and where to begin, favorite flavors, applications)**	**7/10**
2434	8/25	Restaurants and Eateries (online menus, delivery, reviews, searches, coupons)	7/17
2435	**9/1**	**Security in an Insecure World (don't lose your data, identity theft, disaster recovery)**	**7/24**
2436	9/8	Internet Gameplay (BIG group games, one-on-one contests, interactive teams, free game servers)	7/31
2437	**9/15**	**Digital Deception (manipulative advertising, computer-enhanced photos, what's real?)**	**8/7**
2438	9/22	The Best of Times (time technology, world clocks, desktop clocks, DST, alarms, schedulers)	8/14
2439	**9/29**	**Why Fi? (how, when and why to go wireless, the state of wireless technology)**	**8/21**
2440	10/6	Search Wars (new search engines, Google and its competition)	8/28
2441	**10/13**	**Born to Shop (holiday gift guide, new "computer toys," gag gifts, convenient shopping on the Web)**	**9/4**
2442	10/20	A Joke a Day (best e-mail and Internet Jokes—keep 'em clean)	9/11
2443	**10/27**	**Nightmare on Edge Street (creepy, crawlies, ghosts and goblins, haunted computers, fiction accepted)**	**9/18**
2444	11/3	Innovations in Web Site Design (3-D product views, video tours, interactive sales tools)	9/25
2445	**11/10**	**The Artist in You (art schools, galleries, graphics software, file formats)**	**10/2**
2446	11/17	Play That Funky Music (update on music-download Web sites, MIDI, voice and instrument instruction)	10/9
2447	**11/24**	**The Golden Years (the growing senior community)**	**10/16**
2448	12/1	Internet Radio (what's available, how to tune in, special equipment, subscription stations, free broadcasts)	10/23
2449	**12/8**	**Busted by Computer (surveillance cameras, crime-scene analyses, DNA, fingerprint databases)**	**10/30**
2450	12/15	If You Build It, It Will Scream (your dream machine, upgrading versus buying new, "how-to" DIY)	11/6
2451	**12/22**	**New Year's Survival Guide (If you can buy only a few things in 2007, they should be . . .)**	**11/13**
